

Deutsche Familienversicherung at DIA 2019 **“From Insurtech to Scale-Up - the first european Insurtech IPO”**

Frankfurt am Main, 25.06.2019

Today, Dr. Stefan Knoll, founder and CEO of DFV Deutsche Familienversicherung AG, will join the world’s leading Insurtech Conference, Digitale Insurance Agenda. Deutsche Familienversicherung is Europe’s first listed Insurtech and a digital leader in the insurance industry. Today, Dr. Knoll will be speaking about the success story of Deutsche Familienversicherung and the significance of the IPO for the company and the insurtech industry on the topic “From Insurtech to Scale-Up – the first European Insurtech IPO”.

Digital Insurance Agenda: „Must-see“ Insurtech Conference

Representatives from more than 50 countries will meet at the DIA in Amsterdam to discuss the future of insurance. The Insurtech’s presence at the event demonstrates the importance of the IPO last year, which was followed with great interest internationally. “There is a lot of positive feedback”, says Dr. Knoll. “We’re excited to meet the community in Amsterdam and learn more about their plans.”

About DFV Deutsche Familienversicherung AG

DFV Deutsche Familienversicherung AG (ISIN DE000A0KPM74), the first stock market listed Insurtech Company in Europe, was established as an insurance start-up in 2007 with the objective to provide insurance products people really need and immediately understand ("Simple. Sensible"). DFV Deutsche Familienversicherung AG is known for its multi-award-winning supplementary health insurances (teeth, health and supplemental care insurance) as well as accident and property insurance. Based on the highly modern and scalable in-house developed IT systems, the company sets new benchmarks with consistent digital product designs as well as the option to graduate via digital language assistants.
